### **TRP's Safeguarding Policy**

TRP is committed to safeguarding and protecting the welfare of all its learners to whom it delivers training in the workplace and expects all TRP staff and employers to share this commitment.

All TRP staff are constantly alert to the possibility that any learner could be the victim of abuse or neglect and are familiar with the company's Safeguarding Policy. In such an event they can immediately raise concerns about a learner with TRP's designated safeguarding officer.

For further information please see [Working Together 2013](#) produced by the London Safeguarding Children Board.
